

21<sup>st</sup> CENTURY  
AUTOMOTIVE TECHNOLOGY

 HYUNDAI  
Drive your way™

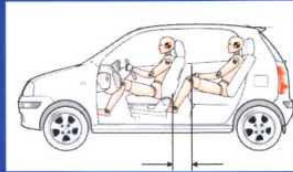

XING AHEAD  
OF THE SWIFT.

## XING AHEAD ON SPACE

### More Legroom

When you travel with your family, comfort of rear seat occupants is ensured in Santro. Greater legroom of Santro means more comfortable and relaxed seating.

	Santro	Swift
Min. legroom (Front seat fully back), mm	165	115 [-50]
Max. legroom (Front seat fully forward), mm	330	295 [-35]
Intermediate legroom (Front seat adjusted to driver's comfort), mm	245	225 [-20]

150 mm

390 mm

270 mm

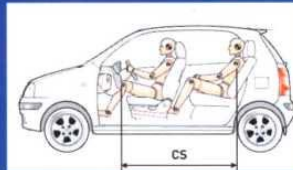

Deliberate wrong dimensions shown by Hyundai for Swift in leaflet – correct dimensions are marked in red

### More Cabin Space

(Distance from extreme point of dashboard to rear seat)

Effective cabin space is greater in Santro and it ensures

- More legroom
- Roomier interiors

	Santro	Swift
Cabin space (CS), mm	1,510	1,500

1520 mm

### Ergonomic Seating

Higher seating position of Santro means sitting upright and less body bends.

Deliberately wrong representation of dimensions – 400 mm versus 330 mm not shown on same scale

	Santro	Swift
Seating height (from floor), mm	400	330

350 mm

### Rear Seat Double Folding

The flexibility of rear folding seats gives that large van like space for picnic seating and a lot of baggage.

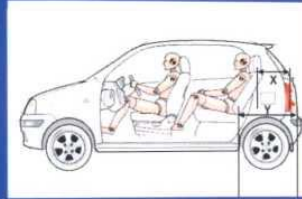

Front - 350 mm

Rear - 400 mm

	Santro	Swift
Rear seat double folding	✓	x

### More Luggage Space

Wider boot space in Santro means more luggage carrying capacity.

	Santro	Swift
Boot width at the top (X), mm	375	255
Boot width at the bottom (Y), mm	625	585

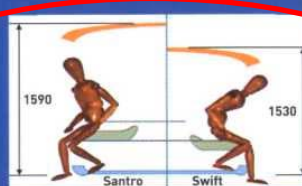

284 mm

598 mm

### XING AHEAD ON CONVENIENCE

#### Easy to Get In-Get Out

The Tall Boy design of Santro makes it very easy to get in and get out of the car.

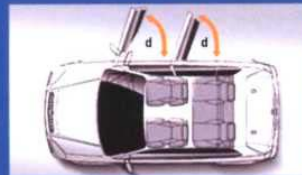

Deliberately wrong representation of dimensions – 1590 mm versus 1530 mm not shown on same scale to fool the public

	Santro	Swift
Overall height (OAL), mm	1,590	1,530

### Wide Opening Doors

Wide opening doors ensure convenient getting in and getting out of the car.

Front – 63.5 degrees

Rear – 72 degrees

	Santro	Swift
Door angle [d], degree	65°	49°

### Low Turning Radius

Easy maneuverability especially while taking U-turns.

- Easy for city driving
- Easy to park

Again – 4.4 m versus 4.7 m not shown on same scale

	Santro	Swift
Turning radius, m	4.4	4.7

## XING AHEAD ON GLOBAL TECHNOLOGY

### Engine

Engine technology in Santro is at par with Europe, unlike Swift which in India comes with a dated Versa engine.

	Santro		Swift		Versa
	India	Europe	India	Europe	India
Engine size, cc	1086		1298	1328	1298
Bore x Stroke	67 x 77		74 x 75.5	78 x 69.5	74 x 75.5

Why use inferior technology for India?

### RTil™ (Real Time Intelligent Ignition)

The high technology engine of Santro boasts of RTil™ which is fuel quality immunizer mechanism. It helps in

- Better combustion
- Smooth performance [reduced vibrations]
- Lower maintenance cost

	Santro	Swift
RTil™	✓	x

### Buying Tips

Before buying a car make sure you test drive and check out the following:

- Are you able to get into the drivers seat effortlessly?
- Are you able to get clear front and rear visibility from the driver's seat?
- Is the gear shift smooth?
- Does the audio jerk when the car goes over 'potholes'?
- Is there enough legroom for you to stretch your legs in the rear seat?
- Do you get a smooth response from the engine at all times?
- Does your car give you that right mix of beauty and brains?
- Do you have enough boot space for your weekend getaway baggage?
- Is the fit and finish of the interiors up to the mark?
- How quickly does the air conditioning bring the inside temperature to a comfortable level?

Data Source: Industry Sources

 **HYUNDAI**  
Drive your way™

THE FEATURES AND SPECIFICATIONS AS STATED ABOVE, MAY NOT BE A PART OF STANDARD EQUIPMENT AND ARE SUBJECT TO CHANGE WITHOUT PRIOR NOTICE.

**Wrong representation of facts – Swift engine not same as Versa engine – the Swift has 87 bhp as max power, even more than the Getz, leave alone the Santro!**

**Data source is “Industry” – no clear source of information and data**
